Office of Communications/brochures/M-96 Battle Creek (03/14 rld)

What Is Being Done?

The Michigan Department of Transportation (MDOT) will be replacing the M-96 (Columbia Avenue) bridge over Raymond Road and reconstructing Raymond Road. Work includes repaving M-96 from I-194/M-66 to I-94 Business Loop (Michigan Avenue).

When Will This Be Done?

Construction is expected to begin in May and is scheduled to be complete in September.

How Will Traffic Be Affected?

Traffic on M-96 and Raymond Road will be detoured during bridge replacement and reconstruction.

M-96 traffic will be maintained in both directions under flag control or with lane closures during repaving.

Long-term Benefits

These improvements will increase motorist safety, extend the life of the road, and provide a smoother drive for many years to come.

MDOT reminds motorists to drive like you want to make it home tonight.
